Re: Andrews for Congress Committee, C00243428  
Amendment to 2nd Quarter Filing

Dear Ms. Brady:

It has recently come to my attention that the filing submitted on behalf of the above-referenced Committee was submitted without certain relevant receipts reported in the original submission. Several items were reported in the 48 hour notice but not in the filing. This oversight was due to a file of receipts incorrectly attached to an irrelevant file.

This has never occurred before and I assure you that measures have been taken and enforced to ensure that it does not happen again. The amended filing is being electronically filed simultaneous with this explanation. It is my hope that this explanation and filing satisfactorily complies with an anticipated information request.

Very truly yours,  
Christina Morales, Treasurer  
Andrews for Congress Committee
